A few years back, Cineworld used to run a weekly club for over sixties, on Tuesday mornings, showing old classic films, but it was discontinued nation-wide.

It was really missed by regulars, so Cineworld in the Sovereign Harbour Retail Park is conducting a four week trial to assess demand before making it a regular event.

The first offering, at 1pm on Tuesday 1st July, will be "The Best Exotic Marigold Hotel. **Although designed to fill the gap left by the discontinuation of the over sixties club, these showings will be open to all ages.**

Eastbourne Police are aware that, for many people, speeding motorists are a priority concern in their area of Eastbourne.

They want to encourage as many volunteers as possible to help tackle this problem by setting up Community Speed Watch groups to catch motorists driving illegally.

If you or anyone you know would be interested in joining or setting up a group we have attached a link to CSW online where you can view videos and register your interest. You would need to join "Eastbourne Community Speedwatch Group" or can form your own group.

Once registered you will need to complete a vehicle recognition test and receive training on the SL700 speed detection device which would be provided by the Neighbourhood Policing Team.

When enough people are registered and appropriately trained they would then be asked to enter their availability onto the system and specify where they would like to conduct speedwatch. The system will then notify you of the time and place where CSW will take place. A member of that group will be responsible for collecting the SL700 from Hammonds Drive Patrol Centre

Police are urging residents to be aware of a new telephone scam following a spate of calls reported to us in Eastbourne yesterday.

In each case the potential victim received a call from a person posing as a lawyer calling himself Max Morris. He said he was calling from Coopers Law Firm and had an American accent. The scammer then stated that the intended victim was involved in a case going to court against or involving them and that they had to call back on a number given. Most of the messages were left on answer phones. He attempted to extract personal information from those he spoke with.

In total 18 such calls were reported to us and thankfully none of the intended victims called back or disclosed any personal information and although many dialled 1471 the number was withheld.

Please pass this message on to any vulnerable friends or relatives to prevent anyone from becoming a victim.

If you receive such a call please contact Sussex Police on 101 or e mail 101@sussex.pnn.police.uk

The 2014 Harbour Walk took place on Sunday 8th June in Glorious Eastbourne sunshine.

Walkers were accompanied by Stephen Lloyd MP and Cllrs Ansell, Elkin and Jenkins. "Micky Mouse", "Mini Mouse" and "Barnaby Bee" mingled and posed for photographs with participants and visitors at the start and the superb "Stix Drummers" led the walkers away and greeted them on their return.

The start of the walk was delayed when an employee of Premier Marinas ignored a request to leave the North Harbour Bridge down to allow the walkers to cross. The bridge was raised to allow the passage of one small boat, and then not lowered until two more boats had made their leisurely way through.

The walk was jointly organised by the Sovereign Harbour Community Association (SHCA) and the Rotary Club of Sovereign Harbour; all proceeds were divided between "Combat Stress" and the SHCA Community Centre fund.

You may have seen the Royal Marine Commando's (3 Commando) landing craft (HMS Albion A1) that visited the harbour on Monday evening, and departed at 10am on Tuesday; they'd been in Normandy for the D-Day Commemoration service, and returned to the UK.

Picture - Kevin Dakin

They are on their way to Essex today, prior to a Parade in London. They are shortly to be deployed to Somalia.

For anyone who lives within earshot of the berths, they may have been aware the craft had its generator on all night. This was because they did not connect to the harbour berth power supply, so they left it on all night, so their refrigerated food would not be spoiled.

Considering their role in the defence of the Realm, some noise, is irrelevant, isn't it?

Thanks to Kevin Dakin for the story and the picture.

The Fire Brigades Union has announced there will be further strikes in their dispute with the Government over pensions. These will take place on :

- 24 hour strike from 9am on 12th June until 9am on 13th June
- 7 hour strike from 10am on 21st June

A reduced number of crews will be on duty and will prioritise life threatening incidents.

East Sussex
Fire & Rescue Service

If you have a fire get out, stay out, and call 999.

Please take extra care during these periods and help celebrate the World Cup safely.

If celebrating out and about:

- Take a taxi or walk home: never get behind the wheel if you have been drinking alcohol, you're risking your life and the lives of others.
- Pick up a takeaway rather than cooking when you get home: more than half of fire calls are kitchen fires - don't let a snack attack wreck your home
- Look out for each other, particularly around stretches of water: a quick dip in the sea, a river or lake could end in tragedy and put the lives of others at risk if they try to rescue you.

BBQ Safety Tips:

- Set up your barbecue on level ground away from bushes, tents or buildings.
- Only use recommended fluids or fire-lighters and never petrol.
- Be careful when cooking fatty foods to avoid flare-ups
- Drinking and cooking don't mix - if you're in charge of the BBQ, stay sober.

The Under Ground Theatre is thriving; the events diary has been increasing steadily each season reaching a record of over 80 events last season. They hope to maintain this - but we can't do it without volunteers!

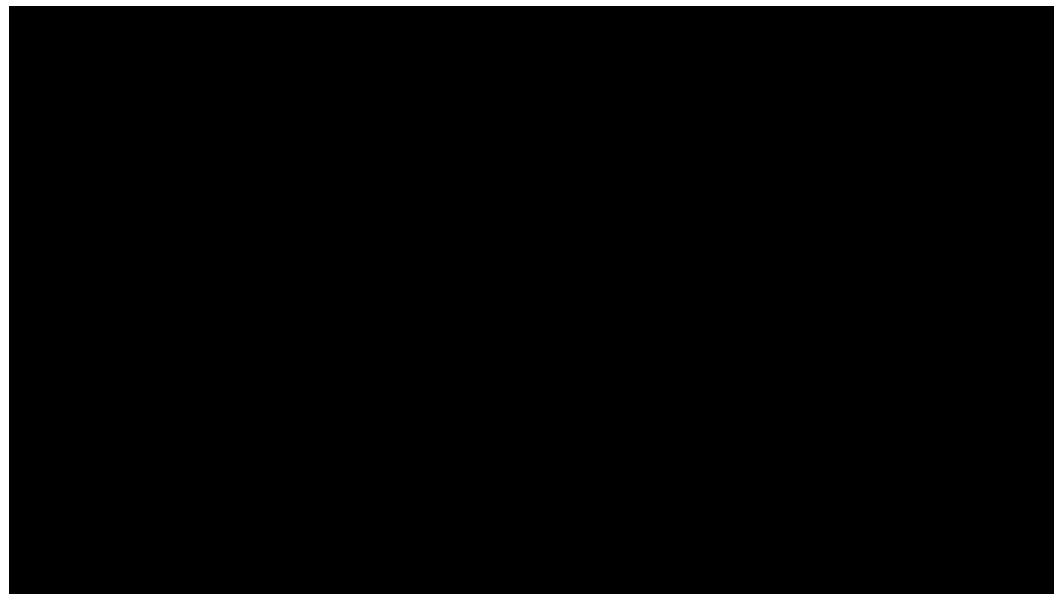

The vision at the UGT is to reach all sections of local society, appeal to young and old with music, dramas, comedy, workshops, the list is endless; and they want to do it with reasonable, and they hope accessible, ticket prices.

In order to achieve all of this and have a busy central arts centre for all to enjoy, they need to recruit more volunteers.

Recent good weather has meant that Sospan Dau is ahead of schedule and has a few days spare before works start at West Sands, Selsey next week.

As we will need approximately double our normal annual beach recharge to redress losses from last winter, we wish to take every opportunity to start this process. At present we expect Sospan Dau to deliver sea dredged aggregate from the Owers bank

licensed area in the early hours of Saturday.

At this stage, it is likely that she will head for Selsey at some time on Monday.

We expect the main bulk of the recharge to take place in late August and September

The South East is eligible to bid for £1.2 billion of investment from Central Government through the South East Local Enterprise Partnership (SELEP) which will be directly targeted to further improving our local economy, creating jobs, and crucially, upgrading our transport links. This means the cross-party A27 Campaign – Eastbourne to Lewes - could become a reality if these funds are secured.

The **ambitious programme** set out in the Strategic Economic Plan and Growth Deal was submitted to Government on 31st March 2014. We need to make sure, though, that the right people know just how much we want this investment in our neck of the woods. So it need as many people as possible from Eastbourne and Willingdon to write in supporting this plan, to the **Project Manager Zoe Gordon**.

One or two lines will be fine, and please do remember to mention our section of the A27. We've shown time and again that when our town pulls together, we can be a force to be reckoned with.

13th May 2014

Please be aware that there has been a high volume of scam calls targeting vulnerable members of the local community.

Since Saturday 10th May there have been 26 incidents reported by Eastbourne residents of would be fraudsters calling posing as police officers. The person calls saying that the victim's card had been used to buy items and that the victim needs to call their bank or give them their bank details.

In other cases the caller has again pretended to be a police officer and said they have arrested people who have been found to be in possession of the victims bank account details. They have then tried to trick them by saying they will put them through to the bank for the victim to pass on their bank details.

These are the latest in a series of attempts to dupe people into parting with personal information by pretending to be someone official. The tricksters have also pretended to be a bank employee on some occasions. Fortunately those who received these latest calls became suspicious, did not give any details and immediately contacted Sussex Police.

Please stay vigilant and never pass on bank or card details over the telephone. Legitimate organisations would never ask for this sort of information in this way.

If you receive such calls you should wait at least ten minutes for their line to clear and, if the opportunity arises, dial 1471 to obtain the caller's number. Once certain that the line is clear use your phone, mobile or alternative line, and phone Sussex Police on 101 to report your suspicions.

You can also email 101@sussex.pnn.police.uk and quote "Operation Edisto".

9th May 2014

Walkers and dog walkers please be aware that there have been a number of thefts from vehicles parked in beauty spot car parks in and around the Eastbourne area over the past week. There were four incidents where a passenger side window was smashed and valuables taken.

Two of the thefts occurred at Butts Brow. On 30th April a bag containing a purse was stolen between 1:15pm and 2:15pm and on 4th May a large tobacco pipe pouch was taken from another vehicle between 3:15pm and 4:15pm.

On 3rd May a shoulder bag containing cash and credit cards was stolen from a vehicle parked in the Friston Forest car park. This happened between 5:40pm and 6:05pm.

On 4th May at the Arlington Reservoir car park another car was broken into and a handbag containing a purse was taken. This incident occurred between 1:30pm and 2:30pm.

The majority of this type of crime is opportunistic and often occurs because valuables have been left on view. The best crime prevention advice is to always take your valuables with you and not to hide things in the glove box.

If you witness any suspicious behaviour please call 101.

A member of the "Little Picker" team is leaving to join the Premier team, so Southern Landscapes is looking for a replacement.

The position is for a permanent member, working week days from 8am until noon to clear all the waterways at Sovereign Harbour, and also pick the beach. The team works in all weathers and covers ground both in the boat and on foot. The position would suit an active person with boat handling experience.

The start date is Monday 2nd June and informal interviews will be held at the waterfront in mid May. Full training and PPE provided

Please contact john@southernlandservices.co.uk for more information.

On Wednesday 23rd April, SHRA chairman, Jan Weeks was invited to a reception at 10 Downing Street, where she met the Prime Minister, David Cameron.

Jan was nominated to attend the function by the Conservative Party's Prospective Parliamentary Candidate for the 2015 elections, Caroline Ansell, for the work she has done for the Sovereign Harbour Community.

Jan said, "I feel privileged to have had the opportunity to see the inside of this historic building, especially on St George's Day, and to meet David Cameron in person."

Jan took to opportunity to mention to the Prime Minister the unique charges placed on Sovereign Harbour residents for sea defences; his response was, "That doesn't seem very fair"

The final machine will leave the beach today, hopefully heralding the start of summer. It has been an interesting few months, but thankfully the defences have survived, albeit battered and bruised at times.

Dredger Sospan Dau is currently working at Eastbourne for the Council, and will then dredge Sovereign Harbour for Premier Marinas. We hope to get a first delivery of sea dredged aggregate for Sovereign Harbour revetment at some point in May, but I will confirm the details in the coming weeks.

Last week the site received a Gold Award from the Considerate Constructors Scheme, the first time after years of bronze and silver. Only 90 sites reached this level from nearly 9,000 sites registered in 2013, so it is a significant achievement.

One of the comments made by the site monitor related to complimentary letters and emails received from local residents. I have not tried to count the number of emails, letters, cards, telephone calls and personal visits I have had since January thanking us for all the work done this winter, but it must be close to 100. I would like to take this opportunity to thank everyone who has sent a message as each and every one is very much appreciated, especially by machine drivers who are more used to complaints than compliments. And they undoubtedly helped raise our profile with the Scheme monitor as well, so thank you again.

With best wishes for a long and restful summer

At the April meeting of the Eastbourne Borough Council Planning Committee yesterday evening, the members gave their unanimous approval the the application by Sovereign Harbour Ltd for the completion of the remaining harbour development sites.

Outline consent was given for all sites at this stage, in line with the vision of the Sovereign Harbour SPD. Detailed applications will be submitted for each site as plans come forward.

10th April 2014

I suppose expecting this winter to end without an additional hiccup was too much to expect. The normal hard running surface along the beach at Sovereign Harbour was built up by years of use. Once washed away in February, it was replaced by especially granular material brought round the harbour from Langney, which does not compact so readily.

Hence the road lorries can't get anywhere near the stockpile as they normally would, and have had to tip much further away. As a result we will have to bring the excavator and one dump truck round from Langney so they can move this shingle up to the rocks where it is needed.

The good news is that road lorries will finish tonight, and the excavator/dump truck on Tuesday.

Some final tidying up along the entire frontage with the bulldozers should also be completed by Wednesday

After many years of speculation plans to install berths in the outer harbour have finally been abandoned, due to the ever increasing problems caused by silt.

The SHRA was very disturbed to hear that the developers are considering building a dam across the entrance and fill it in.

A spokesman for the developers said: "We estimate that, if we stick to a maximum of six stories,

we can probably build three hundred apartments on the site."

Eastbourne Borough Council refused to confirm that this would be contrary to the vision of the Sovereign Harbour SPD. A spokesman said: "As this piece of land didn't exist when the SPD was agreed, it doesn't seem to be governed by it."

SHRA chairman, Jan Weeks, said: "When you hear something like this, you'd almost think it was 1st April."

The Crumbles Story - available from SHRA -

Where did the rock of the harbour arms come from? What was the Crumbles Railway? What is the wreck visible at low tide?

We have a limited number of copies of the very informative paperback book, *The Crumbles Story* by local author Ann Botha that answers these questions. The book contains many illustrations in colour and B&W.

If you are interested in the history of the land on which Sovereign Harbour is built, the industry and events that took place on it, and its unique flora and fauna, this little book is for you, and at just £7.99, it

won't break the bank.

Delivery is free within Eastbourne, but for delivery elsewhere, please add £2.00 for postage and packing.

To order a copy and pay on-line with your credit or debit card, send an email to crumbles@shra.co.uk simply saying you would like a copy of the book and we'll email you a PayPal payment request link which will take you through the online paying process (you don't need to have a PayPal account).

Or send a cheque for £7.99 (£9.99 if you would like postal delivery), payable to "SHRA", with your name and address to:
